## Summary

I am interested in roles related to Data Engineering, Business Intelligence, Data Analysis, and Software Quality Testing. My skill set includes creating datasets, SQL, ETL, Technical Writing, Data Analysis, BigQuery, and data visualization implementation. Additionally, I have proficiency in other IT areas such as Game Development and Software Development. I am highly skilled in programming languages like Python, PHP, LUA, and C# (Unity). For game development, I commonly use software such as Ren'Py, Unity, and Roblox Studio. Furthermore, I possess strong expertise in the field of Databases. I utilize tools like VS Code, Tableau, Google Colab, Jupyter, Looker Studio, and the Google Cloud Platform for various software projects. Currently, I am working as a Freelancer across multiple domains. Please feel free to check my personal website at <https://adelliaadyna.github.io/personal/> and my LinkedIn profile at <https://www.linkedin.com/in/adelliaadyna/> for more information.

## Experience

### Business Intelligence Analyst & Data Engineering

PT Adaro Energy Indonesia Tbk

Mar 2023 - Jul 2023 (5 months)

SQL, Bigquery, Google Cloud Platform, ETL, Business Process, Data Visualization, Python, Data Analyst, Big Data, Data Integration, Data Cleaning, Looker studio, Tableau

### Asisstant Praktikum Unggulan NVIDIA

University of Gunadarma

Sep 2021 - Jun 2023 (1 year 10 months)

### Owner

Mendekoruma

Jun 2021 - Jan 2023 (1 year 8 months)

### Game Developer

Indonesia Cyber Education Institute

Feb 2022 - Dec 2022 (11 months)

Here I learned about making games using the Ren'Py software using the Python programming language. I have an interest in the Educational Game Developer section. I created several game projects as tasks. I have made about 10 projects here.

### Data Scientist

Universitas Prima Indonesia

Aug 2021 - Mar 2022 (8 months)

## Server

Badranaya group

Apr 2019 - Jul 2019 (4 months)

## Education

### University of Gunadarma

Bachelor of Technology - BTech, Information system

Sep 2019 - Sep 2023

## Licenses & Certifications

### Introduction to RenPy Game Programming - Indonesia Cyber Education Institute

Issued Jan 2022 - Expires Dec 2033

69016140

### Gamification for teaching materials - Indonesia Cyber Education Institute

Issued Jan 2022 - Expires Dec 2033

69016508

### Advanced RenPy for Educational Game - Indonesia Cyber Education Institute

Issued Jan 2022 - Expires Dec 2033

69016725

### Educational Game Developer - Indonesia Cyber Education Institute

Issued Mar 2022 - Expires Dec 2033

### Program Microcredential Game Developer - Indonesia Cyber Education Institute

Issued Jan 2022 - Expires Nov 2033

### Nvidia Practicum Assistant DGX A100 - University of Gunadarma

Issued Nov 2022 - Expires Dec 2033

### Nvidia Practicum Assistant DGX A100 - University of Gunadarma

Issued Jan 2021 - Expires Dec 2033

### JavaScript Programming Language Fundamental - University of Gunadarma

Issued Oct 2021 - Expires Nov 2033

### Introduction to Python - Sololearn

### Google Certificate : Foundations of Data Analyst - Coursera

 **Python Intermediate** - Sololearn

 **SQL INTERMEDIATE** - Sololearn

 **Google Business Intelligence Sertifikat Profesional** - Coursera

## **Skills**

Data Modeling • Data Analysis • Extraction, Transformation And Loading (ETL) • Business Process •  
Tableau Software • Data Visualization (DataViz) • Business Intelligence (BI) • Software Quality Assurance  
• Problem Solving SQL • Business Requirements
