Adellia Adyna Putri Irawan

Cloud Engineer at SMG CTI Group | Business Intelligence | Data Analyst

Kota Tangerang Selatan, Banten, Indonesia

Summary

I am interested in roles related to Data Engineering, Business Intelligence, Data Analysis, and Software Quality Testing. My skill set includes creating datasets, SQL, ETL, Technical Writing, Data Analysis, BigQuery, and data visualization implementation. Additionally, I have proficiency in other IT areas such as Game Development and Software Development. I am highly skilled in programming languages Python. I utilize tools like VS Code, Tableau, Google Colab, Jupyter, Looker Studio, and the Google Cloud Platform for various software projects. Currently, I am working as a Freelancer across multiple domains. Please feel free to check my personal website (DM/Gmail for link)
